

## **Carts**

No more than 2 people are allowed to ride on a cart. As part of our "Green Initiative," players will be asked to ride 2 to a cart to limit single riders. A valid drivers license is required to rent a cart or use a private cart. Private carts are limited to 2 owners/users. Only cart owners/users/annual renter may use/ride on a cart without paying a cart fee. Any non-golfer riding in a private or rented cart is subject to a cart fee to fulfill insurance requirements.

Any special cart rules (cart path only/90 degree rule) will be posted when needed... failure to obey these rules may result in removal from the course and possible loss of privilege if the problem persists. Any course employee or golf commission members who see violations has the ability to remedy the situation. If the violation results in removal from the course, no refunds will be given.
